

ManageAL Supply Chain Solutions

Automated
delivery
made easy

Typical configuration
of SupplyBay Plus

ManageAL is a full-service solution using point-of-use dispensing systems resulting in:

- Less inventory
- Automated reordering
- Improved asset management
- Easy consumption tracking
- Reduced costs

The right tool, the right person, the right time

ManageAL service leverages the power of the Internet to streamline processes, provide automated reordering, track usage and report it to any web device anywhere, anytime.

ManageAL service can be customized to your specific needs thanks to a wide range of dispensing solutions:

- SmartDrawer™
- SupplyBay Plus™
- SupplyLocker™
- SupplyAgent™
- SupplyScanner™

ManageAL is powered by SupplyPro, the premier provider of automated point-of-use dispensing technologies.

ManageAL service includes: preliminary assessment, solution design, setup, and on-going support, so that you can achieve target objectives.

SmartDrawer

With many systems in place across Canada, ManageAL has a proven track record of servicing the dispensers for high availability and total customer satisfaction.

Consumables Management

ManageAL is particularly well suited for dispensing items that are:

- **High Use**
 - Emphasis on control to reduce hoarding and waste
 - Emphasis on availability – e.g.: personal protection
- **High Dollar Value**
 - Replacement tool costs
 - Carbides, diamond-tips
- **Mission Critical**
 - What does it cost NOT to have the part?

Consumables commonly dispensed include: welding supplies, cutting tools, abrasives, personal protective equipment (gloves, safety glasses, respirator cartridges, etc.), electronics, electrical supplies, labels, office supplies.

Asset Management

ManageAL provides control over the assets needed to operate your business:

- Full accountability for all tools
- Check-out by authorized individuals
- Return required on a pre-determined schedule with automatic notification capabilities
- Monitoring of calibration requirements and lock-down tools that require service

Assets commonly managed: power tools, gauges, tool holders, tool sets, laptop computers, scanners, respirators, keys, specialty tools, radios.

Benefits

ManageAL helps you to control assets and consumable inventories.

The level of management and reporting detail is up to you.

The following benefits can be achieved:

- 24/7 product availability
- Proper expense allocation
- Automated reordering process
- Reduced consumption
- Lower on-hand inventory levels

Industries served include:

- Automotive
- Aerospace
- Chemicals
- Construction and Maintenance
- Energy and Utilities
- Equipment and Machinery
- Extraction and Mining
- Metal Fabrication
- Pulp and Paper
